

Making digital resources and infrastructures useful for digital humanities research

Prof. Isto Huvila
Department of ALM | Uppsala University
isto.huvila@abm.uu.se | www.istohuvila.se | @ihuvila

Archaeological Information in the Digital Society
<http://www.abm.uu.se/research/Ongoing+Research+Projects/ARKDIS/>

- Work packages**
1. What's going on on macro and micro-level
 2. The birth of an exhibition from museum and from from the field
 3. How to use the existing data sets
 4. Visualisation of the information process
 5. Postcolonial perspectives to the uses of digital archaeological information
